iGO® LICENSING APPOINTMENT

ENSURE PRODUCERS ARE PROPERLY LICENSED

Rapidly onboard new producers and prevent unauthorized submissions with iGO Licensing & Appointment. A real-time connection with a licensing database guarantees that business coming in from the field originates from a properly licensed and appointed producer.

FEATURES

- Real-time, on-line license and appointment validation
- Immediately onboard non-appointed producers
- Intelligent, rules-based on-boarding using latest information
- Multiple formats and methods are supported
- Data can be hosted by the carrier or iPipeline

BENEFITS

- Expand your distribution in real time
- Ensure each appointment application is in Good Order
- Prevent unwarranted submissions
- Keep your license and appointment data current "up to the second"
